# Flat Roof Solutions

Presented by James Utting of Bauder Ltd

This seminar investigates the individual benefits of the different flat roof waterproofing systems available in today's market & the design considerations to be taken into account for a successful project.

After this CPD you will be able to understand where each waterproofing type is effective & to specify flat roof solutions that provide a balance of performance, aesthetics & cost.

- **Waterproofing systems;** Asphalt, Bitumen membranes, Single ply, Hot applied liquids, Cold applied liquids.
- **Rooftop enhancements;** Green roofs, Renewable energy
- **Design considerations, pitfalls & issues;** rooftop equipment & plant, safe access, critical detailing
- **Ensuring installation quality, Guarantees & their value**

Please ensure you let us know if you plan on attending & we have a mobile number if circumstances change.
